	А 🗌 Арре	endix B 🔲 Apper	ndix C	App	pendix D 🛛 Appe	ndix E	Appendix F	Ī
WATER QUALITY INFORMATION								
Are there any discharges to waters within the Chesapeake Bay Watershed?								
Identify all surface waters (see instructions).	that receive	stormwater discha	arges from	the p	permittee's MS4 an	d provide	the requeste	d information
Receiving Water Name Ch. 93 Class. Impaire		d?	Cause(s)		TMDL?	WLA?		
Shupe Run		WWF	Y		Road runoff - si	Itation	N	N
Sherrick Run		WWF	Y		Road runoff - siltation		N	N

GENERAL MINIMUM CONTROL	MEASURE (MCM) INFO	RMATION					
Have you completed all MCM activities required by the permit	for this reporting period?	⊠ Yes □ No					
List the current entity responsible for implementing each MCN	of your SWMP, along with co	ontact name and phor	e number.				
МСМ	Entity Responsible	Contact Name	Phone				
#1 Public Education and Outreach on Storm Water Impacts	Borough Manager	Sharon Lesko	724-547- 6745				
#2 Public Involvement/Participation	Borough Manager	Sharon Lesko	724-547- 6745				
#3 Illicit Discharge Detection and Elimination (IDD&E)	Street Foreman	Jeff McGuinness	724-547- 1930				
#4 Construction Site Storm Water Runoff Control	Borough Manager / K2 Engineering	Sharon Lesko	724-547- 6745				
#5 Post-Construction Storm Water Management in New Development and Redevelopment	Borough Manager / K2 Engineering	Sharon Lesko	724-547- 6745				
#6 Pollution Prevention / Good Housekeeping	Street Foreman	Jeff McGuinness	724-547- 1930				
MCM #1 - PUBLIC EDUCATION AND (OUTREACH ON STORM	WATER IMPACTS					
 For new permittees only, has the written PEOP been devented by the second of the second	 Yes □ No 2. Date of latest annual review of PEOP: July 2024 Were updates made? ☑ Yes □ No 3. What were the plans and goals for public education and outreach for the reporting period? There are pamphlets and flyers available at the Borough building and public library. There are also numerous handouts available for children. The Borough is a member of Westmoreland Cleanways and coordinates with the organization for their collection drives. The Borough's website is always being updated with current information. There is a Glass Festival every September. At each event, stormwater related materials are available. Jacobs Creek Watershed Group, offers educational and recreational programs involing stormwater throughout the Borough. 4. Did the MS4 achieve its goal(s) for the PEOP during the reporting period? ☑ Yes □ No 5. Identify specific plans and goals for public education and outreach for the upcoming year: They also plan to continue with the distribution of handouts for both adults and children. Public meetings will begin to include MS4 related PSA's. The Borough engineer will present stormwater and MS4 information at the November meeting. MS4 material will be distributed at the upcoming Glass Festival. The Borough is interested in purchasing inlet 						
BMP #2: Develop and maintain lists of target audience gr	oups present within the area	as served by your M	S4 .				
 For new permittees only, have the target audience lists coverage? 	been developed and implem	ented within the first	year of permit				
☐ Yes ☐ No							
2. Date of latest annual review of target audience lists: July	2023 Were update	es made? 🛛 Yes	□ No				
BMP #3: Annually publish at least one educational item o	n your Stormwater Manager	nent Program.					

1.	For new permittees only, were stormwater educational and informational items produced and published in print and/or on the Internet within the first year of permit coverage?					
	☐ Yes ☐ No					
2.	Date of latest annual review of educational materials: July 2023 Were updates made? ☐ Yes ☐ No					
3.	Do you have a municipal website? Yes No (URL: www.mtpleasantboro.com)					

An	nual MS4 Status Report
	If Yes, what MS4-related material does it contain?
	The website, http://www.mtpleasantboro.com/stormwatermanagement.html discusses what stormwater is and how stormwater pollution can affect our drinking water, recreation, and environment. PSA's and new stormwater management ordinances are on the Borough's website.
4.	Describe any other method(s) used during the reporting period to provide information on stormwater to the public:
	'When it Rains, It Drains' stormwater informational brochure is distributed to various stakeholders in the Borough.
5.	Identify specific plans for the publication of stormwater materials for the upcoming year:
	The Borough's stormwater webpage is to be updated to provide more information regarding the Borough's MS4 program, what the Borough is doing and what residents and businesses can do to assist the Borough.
	The Borough will begin to install storm drain markings on various storm drain inlets throughout the business and residential areas of the borough. The Borough will display information on the storm drain marking program in public spaces as well as on its webpage.
	Educational posters and brochures will be kept on display at the Borough office and other public places.
	Stormwater information will be presented at public meetings. Stormwater information will be displayed at the 2023 Glass Festival. MS4 PSA's will be made at monthly meetings and the Borough will continue displaying posters and brochures.
ВΝ	IP #4: Distribute stormwater educational materials to the target audiences.
dis	entify the two additional methods of distributing stormwater educational materials during the previous reporting period (e.g. plays, posters, signs, pamphlets, booklets, brochures, radio, local cable TV, newspaper articles, other advertisements, bil offers, posters, presentations, conferences, meetings, fact sheets, giveaways, or storm drain stenciling).
	orm inlet marking will be started. Educational posters regarding pet waste, lawn care, vehicle washing and vehicle maintenance will posted in various public locations and will be distributed at the Borough Office.
MC	CM #1 Comments:
	e Borough engineer plans to attend the Borough public meeting on the first Monday of November to discuss stormwater and bir MS4 permit. Educational material will be provided at the 2024 Glass Festival.
	MCM #2 – PUBLIC INVOLVEMENT/PARTICIPATION
В١	IP #1: Develop, implement and maintain a written Public Involvement and Participation Program (PIPP)
1.	For new permittees only, was the PIPP developed and implemented within one year of permit coverage?
	☐ Yes ☐ No
2.	Date of latest annual review of PIPP: July 2024 Were updates made? ☐ No
	MP #2: Advertise to the public and solicit public input on ordinances, SOPs, Pollutant Reduction Plans (PRPs) (if plicable) and TMDL Plans (if applicable), including modifications thereto, prior to adoption or submission to DEP:
1.	Was an MS4-related ordinance. SOP. PRP or TMDL Plan developed during the reporting period? ☐ Yes ☒ No

2. If Yes, describe how you advertised the draft document(s) and how you provided opportunities for public review, input and feedback:

A new stormwater ordinance was adopted in November 2021.

3. If an ordinance, SOP or plan was developed or amended during the reporting period, provide the following information:

Ordinance / SOP / Plan Name	Date of Public Notice	Date of Public Hearing	Date Enacted or Submitted to DEP
Borough Stormwater Ordinance			November 2021

	IP #3: Regularly solicit public involvement and participation from the target audience groups using available tribution and outreach methods.					
1.	At least one public meeting or other MS4 event must be held during the 5-year permit coverage period to solicit participation and feedback from target audience groups. Was this meeting or event held during the reporting period?					
	Yes No If Yes, Date of Meeting or Event: 7:00 on the first Monday of each month. The dates are listed on the Borough's Website					
2.	Report instances of cooperation and participation in MS4 activities; presentations the permittee made to local watershed and conservation organizations; and similar instances of participation or coordination with organizations in the community.					
	An MS4 statement has been read by the Borough Manager at past public meetings. This statement solicits public involvement through proper disposal of yard waste, used oil, old paints and other household liquid wastes; proper care of lawns and fertilizers; swimming pool dechlorination; and proper pet waste disposal.					
3.	Report activities in which members of the public assisted or participated in the meetings and in the implementation of the SWMP, including education activities or efforts such as cleanups, monitoring, storm drain stenciling, or others.					
	The Borough plans to approach businesses about displaying stormwater posters. Target audience members have been contacted in the past via letters from the Borough. Haydens Pharmacy displays stormwater flyers and pamphlets.					
MC	M #2 Comments:					
Ra	msey Court residences are still maintaining their rain gardens.					
	MCM #3 – ILLICIT DISCHARGE DETECTION AND ELIMINATION (IDD&E)					
	IP #1: Develop and implement a written program for the detection, elimination, and prevention of illicit discharges o the regulated small MS4.					
1.	For new permittees only, was the written IDD&E program developed within one year of permit coverage?					
	☐ Yes ☐ No					
2.	Date of latest annual review of IDD&E program: August 2024 Were updates made? ☐ Yes ☐ No					
BMP #2: Develop and maintain map(s) that show permittee and urbanized area boundaries, the location of all outfalls and, if applicable, observation points, and the locations and names of all surface waters that receive discharges from those outfalls. Outfalls and observation points shall be numbered on the map(s).						
1.	Have you completed a map(s) that includes all components of BMP #2? ☐ Yes ☐ No					
	If Yes and you are a new permittee and have not submitted the map(s) previously, attach the map(s) to this report.					
	If No, date by which permittee expects map(s) to be completed:					
2.	Date of last update or revision to map(s):					
2	Total No. of Outfalls in MS4: 18 Total No. of Outfalls Mapped: 18					
3.	Total No. of Observation Points: 0 Total No. of Observation Points Mapped: 0					
3 .	•••					
	During the reporting period, have you identified any existing outfalls that have not been previously reported to DEP in an NOI, application or annual report, or are any new MS4 outfalls proposed for the next reporting period?					

per juri and col	P #3: In conjunction with the map(s) created under BMP #2 (either on the same map or on a differer mittee shall develop and maintain map(s) that show the entire storm sewer collection system within the sdiction that are owned or operated by the permittee (including roads, inlets, piping, swales, catch basing any other components of the storm sewer collection system), including privately-owned compon lection system where conveyances or BMPs on private property receive stormwater flows from upstreamed components.	permittee's s, channels, ents of the			
1.	Have you completed a map(s) that includes all components of BMP #3? ☐ Yes ☐ No				
	If Yes and you are a new permittee and have not submitted the map(s) previously, attach the map(s) to this rep	oort.			
	If No, date by which permittee expects map(s) to be completed:				
2.	If Yes to #1, is the map(s) on the same map(s) as for outfalls and receiving waters? \square Yes \square No				
3.	Date of last update or revision to map(s):				
BMP #4: Conduct dry weather screenings of MS4 outfalls to evaluate the presence of illicit discharges. If any illicit discharges are present, the permittee shall identify the source(s) and take appropriate actions to remove or correct any illicit discharges. The permittee shall also respond to reports received from the public or other agencies of suspected or confirmed illicit discharges associated with the storm sewer system, as well as take enforcement action as necessary. The permittee shall immediately report to DEP illicit discharges that would endanger users downstream from the discharge, or would otherwise result in pollution or create a danger of pollution or would damage property.					
twic obs are	new permittees, all identified outfalls (and if applicable observation points) must be screened during dry weat ce within the 5-year period following permit coverage. For existing permittees, all identified outfalls (and servation points) must be screen during dry weather at least once within the 5-year period following permit cover as where past problems have been reported or known sources of dry weather flows occur on a continual basis, screened annually during each year of permit coverage.	if applicable rage and, for			
1.	How many unique outfalls (and if applicable observation points) were screened during the reporting period?	0			
2.	Indicate the percentage of all outfalls screened in the past five years.	100%			
3.	Indicate the percent of outfalls screened during the reporting period that revealed dry weather flows:	0			
4.	Did any dry weather flows reveal color, turbidity, sheen, odor, floating or submerged solids? \square Yes \boxtimes No				
5.	If Yes for #4, attach all sample results to this report with a map identifying the sample location. Explain the correctaken in the attachment.	tive action(s)			
6.	Do you use the MS4 Outfall Field Screening Report form (3800-FM-BCW0521) provided in the permit?				
	If No, attach a copy of your screening report form.				
	P #5: Enact a Stormwater Management Ordinance or SOP to implement and enforce a stormwater magram that includes prohibition of non-stormwater discharges to the regulated small MS4.	nanagement			
1.	Do you have an ordinance (municipal) or SOP or other mechanism (non-municipal) that prohibits nor discharges? \boxtimes Yes \square No	n-stormwater			
	If Yes, indicate the date of the ordinance or SOP: 11/2021				
2.	If Yes to #1, is the ordinance or SOP consistent with DEP's 2022 Model Stormwater Management Ordinance BCW0100j) with respect to authorized non-stormwater discharges? Yes No	e (3800-PM-			
	If Yes to #2 and the ordinance or SOP has not been submitted to DEP previously, attach the ordinance or SOP) .			

3.	,							
	If Yes to #3, complete the table below (attach additional sheets as necessary).							
Vi	olation Date	Nature of Violation	Responsible Party	Enforcement Taken				
4.		ove any waiver or variance during the reporting an ordinance or SOP? Yes No	g period that allowed ar	n exception to non-stormwater discharge				
	If Yes to #4, id	dentify the entity that received the waiver or va	ariance and the type of i	non-stormwater discharge approved.				
		e educational outreach to public employeend elected officials (i.e., target audiences) a						
1.	Was IDD&E-r period? ☐ Y	related information distributed to public emplo \prime es $oxed{oxed}$ No	oyees, businesses, and	the general public during the reporting				
	If Yes, what w	vas distributed?						
2.	2. Is there a well-publicized method for employees, businesses and the public to report stormwater pollution incidents?							
	Yes No							
3.	3. Do you maintain documentation of all responses, action taken, and the time required to take action? 🗵 Yes 🗌 No							
MCM #3 Comments:								
All	outfalls were so	creened in September 2020.						
		MCM #4 – CONSTRUCTION SITE S	TORMWATER RUN	IOFF CONTROL				
Δra	you relying on	n PA's statewide program for stormwater assoc	ciated with construction	activities to satisfy this MCM?				
	Yes No	11 // 0 statewide program for stormwater asset	sated with constituoion	douvilles to satisfy this MOM:				
(If	Yes, respond to	o questions for BMP Nos. 1, 2 and 3 only in this	section. If No, respond	to questions for all BMPs in this section)				
dis	turbance activ	mittee may not issue a building or other per vities requiring an NPDES permit unless th (i.e., not expired) under 25 Pa. Code Chapt	ne party proposing th	o those proposing or conducting earth e earth disturbance has valid NPDES				
		ing period, did you comply with 25 Pa. Code EP or a county conservation district (CCD) has						
	☑ Yes ☐ No ☐ Not Applicable (no building permit applications received)							

BMP #2: A municipality or county which issues building or other permits shall notify DEP or the applicable CCD within 5 days of the receipt of an application for a permit involving an earth disturbance activity consisting of one acre or more, in accordance with 25 Pa. Code § 102.42.					
During the reporting period, did you comply with 25 Pa. Code § 102.42 (relating to notifying DEP/CCD within 5 days of receiving an application involving an earth disturbance activity of one acre or more)?					
BMP #3: Enact, implement and enforce an ordinance or SOP to require the implementation and maintenance of E&S control BMPs, including sanctions for non-compliance, as applicable.					
1. Do you have an ordinance (municipal) or SOP or other mechanism (non-municipal) that requires implementation and maintenance of E&S control BMPs? ⊠ Yes □ No					
If Yes, indicate the date of the ordinance or SOP: 11/2021					
2. If Yes to #1, is the ordinance or SOP consistent with DEP's 2022 Model Stormwater Management Ordinance (3800-PM-BCW0100j)? Yes No					
3. If Yes to #2 and the ordinance or SOP has not been submitted previously, attach a copy of the ordinance or SOP.					
BMP #4: Review Erosion and Sediment (E&S) control plans to ensure that such plans adequately consider water quality impacts and meet regulatory requirements.					
Specify the number of E&S Plans you reviewed during the reporting period: 0					
BMP #5: Conduct inspections regarding installation and maintenance of E&S control measures during earth disturbance activities. Maintain records of site inspections, including dates and inspection results, in accordance with the record retention requirements in this permit.					
Specify the number of E&S inspections you completed during the reporting period: 0					
BMP #6: Conduct enforcement when installation and maintenance of E&S control measures during earth disturbance activities does not comply with permit and/or regulatory requirements.					
Specify the number of enforcement actions you took during the reporting period for improper E&S: 0					
BMP #7: Develop and implement requirements for construction site operators to control waste at construction sites that may cause adverse impacts to water quality. The permittee shall provide education on these requirements to construction site operators.					
Specify the method(s) by which you are educating construction site operators on controlling waste at construction sites:					
As part of the application package, a construction E&S flyer will be added for reference.					
BMP #8: Develop and implement procedures for the receipt and consideration of public inquiries, concerns, and information submitted by the public to the permittee regarding local construction activities.					
1. A tracking system has been established for receipt of public inquiries and complaints. ⊠ Yes ☐ No					
Specify the number of inquiries and complaints received during the reporting period: 0					
MCM #4 Comments:					

MCM #5 - POST-CONSTRUCTION STORM WATER MANAGEMENT IN NEW DEVELOPMENT AND REDEVELOPMENT BMP #1: Enact, implement and enforce an ordinance or SOP to require post-construction stormwater management from new development and redevelopment projects, including sanctions for non-compliance. Do you have an ordinance (municipal) or SOP or other mechanism (non-municipal) that requires implementation and maintenance of post-construction stormwater management (PCSM) BMPs? X Yes X No. If Yes, indicate the date of the ordinance or SOP: 11/2021 2. If Yes to #1, is the ordinance or SOP consistent with DEP's 2022 Model Stormwater Management Ordinance (3800-PM-BCW0100j)? ☐ Yes ☒ No 3. If Yes to #2 and the ordinance or SOP has not been submitted previously, attach a copy of the ordinance or SOP. BMP #2: Develop and implement measures to encourage and expand the use of Low Impact Development (LID) in new development and redevelopment. Measures should also be included to encourage retrofitting LID into existing development. Enact ordinances consistent with LID practices and repeal sections of ordinances that conflict with LID practices. Do you have an ordinance (municipal) or SOP or other mechanism (non-municipal) that encourages and expands the use of LID in new development and redevelopment? X Yes \(\square\) No If Yes, indicate the date of the ordinance or SOP: 11/2021 2. If Yes to #1, is the ordinance or SOP consistent with DEP's 2022 Model Stormwater Management Ordinance (3800-PM-BCW0100i)? ☐ Yes ☒ No 3. If Yes to #2 and the ordinance or SOP has not been submitted previously, attach a copy of the ordinance or SOP. BMP #3: Ensure adequate O&M of all post-construction stormwater management BMPs that have been installed at development or redevelopment projects that disturb greater than or equal to one acre, including projects less than one acre that are part of a larger common plan of development or sale. Do you have an inventory of all PCSM BMPs that were installed to meet requirements in NPDES Permits for Stormwater Discharges Associated with Construction Activities approved since March 10, 2003? X Yes X If Yes to #1, complete Table 1 on the next page. 2. Has proper O&M occurred during the reporting period for all PCSM BMPs? \(\subseteq\) Yes \(\times\) No 3. If No to #2, explain what action(s) the permittee has taken or plans to take to ensure proper O&M. The Borough is attempting to contact the pond owners to notify them about their obligations for regular O&M. If you are relying on PA's statewide program for stormwater associated with construction activities, you may skip to MCM #6, otherwise complete all questions for BMPs #4 - #6 in this section. BMP #4: Require the implementation of a combination of structural and/or non-structural BMPs that are appropriate to the local community, that minimize water quality impacts, and that are designed to maintain pre-development runoff conditions. 1. Specify the number of PCSM Plans reviewed during the reporting period for projects disturbing greater than or equal to one acre (including projects less than one acre that are part of a larger common plan of development or sale): 1 2. Has a tracking system been established and maintained to record qualifying projects and their associated BMPs?

PCSM BMP INVENTORY

Table 1. To complete the information needed for MCM #5, BMP #3, list all <u>existing structural BMPs</u> that discharge stormwater to the permittee's MS4 that were installed to satisfy PCSM requirements for earth disturbance activities under Chapter 102, and provide the requested information (see instructions).

ins ins be	MP #5: Ensure that controls are installed that shall prevent or minimize water quality impacts. The permittee shall spect all qualifying development or redevelopment projects during the construction phase to ensure proper stallation of the approved structural PCSM BMPs. A tracking system (e.g., database, spreadsheet, or written list) shall implemented to track the inspections conducted and to track the results of the inspections (e.g., BMPs were, or were t, installed properly).					
1.	During the reporting period have you inspected all qualifying development and redevelopment projects during the construction phase to ensure proper installation of approved structural BMPs?					
	☐ Yes ☐ No ☒ Not Applicable (no qualifying projects during reporting period)					
2.	Has a tracking system been established and maintained to record results of inspections?					
	IP #6: Develop a written procedure that describes how the permittee shall address all required components of this CM.					
pla	ve you developed a written plan that addresses: 1) minimum requirements for use of structural and/or non-structural BMPs in ans for development and redevelopment; 2) criteria for selecting and standards for sizing stormwater BMPs; and 3) plementation of an inspection program to ensure that BMPs are properly installed? 🛛 Yes 🗌 No					
MC	CM #5 Comments:					
	MCM #6 - POLLUTION PREVENTION / GOOD HOUSEKEEPING					
ge	IP #1: Identify and document all operations that are owned or operated by the permittee and have the potential for nerating pollution in stormwater runoff to the MS4. This includes activities conducted by contractors for the rmittee.					
1.	Have you identified all facilities and activities owned and operated by the permittee that have the potential to generate stormwater runoff into the MS4? ☒ Yes ☐ No					
2.	When was the inventory last reviewed? July 2023					
3.	When was it last updated? July 2023					
BMP #2: Develop, implement and maintain a written O&M program for all operations that could contribute to the discharge of pollutants from the MS4, as identified under BMP #1. This program shall address stormwater collection or conveyance systems within the regulated MS4.						
1.	Have you developed a written O&M program for the operations identified in BMP #1? ☐ Yes ☐ No					
2.	Date of last review or update to written O&M program: 9/2023					
BMP #3: Develop and implement an employee training program that addresses appropriate topics to further the goal of preventing or reducing the discharge of pollutants from operations to the regulated small MS4. All relevant employees and contractors shall receive training.						
1.	Have you developed an employee training program? ⊠ Yes □ No					

	•							
3.	Training topics covered:							
	Ken and Patience attended the 2024 Westmoreland Conservation District Municipal Roundtable event.							
4.	Name(s) of training presenter(s):							
	Westmoreland Conservation District

CERTIFICATION

For PAG-13 Permittees: I have read the latest PAG-13 General Permit issued by DEP and agree and certify that (1) the permittee continues to be eligible for coverage under the PAG-13 General Permit and (2) the permittee will continue to comply with the conditions of that permit, including any modifications thereto. I understand that if I do not agree to the terms and conditions of the PAG-13 General Permit, I will apply for an individual permit within 90 days of publication of the General Permit. I also acknowledge that any facility construction needed to comply with the General Permit requirements shall be designed, built, operated, and maintained in accordance with operative laws and regulations.

For All Permittees: I certify under penalty of law that this report was prepared under my direction or supervision in accordance with a system designed to assure that qualified personnel properly gathered and evaluated the information submitted. Based on my inquiry of the person or persons who manage the system, or those persons directly responsible for gathering the information, the information submitted is, to the best of my knowledge and belief, true, accurate, and complete. I am aware that there are significant penalties for submitting false information, including the possibility of fine and imprisonment for knowing violations. See 18 Pa. C.S. § 4904 (relating to unsworn falsification).
