Solicitor's Report:

Solicitor Toohey reported on the following:

- The Borough has acquired the Gormley property on Main Street and Council can go forward and do whatever they wish.
- Mr. Toohey has been in contact with Phillip Brewer, Vice-President and Operations Manager for Recovery at Citi Corp Credit Services Inc., who is the first lien holder on the DiNicola Property. They have indicated that they will give permission for the Borough or County to demolish the building. There is paperwork to be filed and documents to be signed but this is the first indication from them in seven years that they are willing to proceed.

Mayor Lucia asked President Tabita if the Borough will attempt to sell the Gormley property before demolition. President Tabita said that it would be Council's wish to be able to sell the property and get it back on the tax rolls. Mr. Landy said he posted a For Sale sign on the property to see if there is any interest and has received two calls. Councilman Crivella said that Council should require a performance bond from anyone buying the property so that things happen in a certain time frame.

A motion was made by Councilman Crivella to suspend the rules to advertise the sale of the Gormley property at 211 Main Street. Motion seconded by Councilman Bauer. Motion carried 8-0.

The agreement between Kriebel Resources and the Borough for the gas well at Frick Park is being discussed and details are being worked out. The wellhead has to be 4 feet above the ground to avoid the danger of putting workers into a manhole. The distance from the fence surround the well equipment to home plate will be 250 feet. A tank to collect water is required for two years. The tank at Frick Park will be 6feet high and 8 feet in diameter. All of the equipment will be contained within 10ft X 21ft fence and Kriebel will erect an 8ft high electronic scoreboard on top of the fence. The fence will be slatted so that the equipment will not show and will have a roof. Landscaping will also provide cover for the fence.
